IQMS SELECTED As Top 100 Logistics IT Provider

IQMS Recognized by Inbound Logistics Magazine for Providing Continuing Product Innovation and Customer Success

PASO ROBLES, CA –May 15, 2009 – IQMS, a leader in the design and development of manufacturing Enterprise Resource Planning (ERP) software, today announced that for the fifth consecutive year, it has been named an Inbound Logistics Top 100 Logistics IT Provider for 2009. The annual list highlights leading industry solutions that provide quick ROI, ease of use and efficient product implementation.

“IQMS is empowering logistics and supply chain managers by continuing to offer innovative and practical solutions,” said Felecia Stratton, editor for Inbound Logistics. “2009 continues to be a year where every opportunity must be seized and IQMS consistently provides technology solutions business logistics managers need to successfully manage global enterprises.”

IQMS delivers innovative ERP software solutions that help manufacturing enterprises stay lean, agile and competitive. The company recently released Smart Search for EnterpriseIQ. Smart Search provides a unique way for users to quickly access data within the EnterpriseIQ system. Accessed directly from a user desktop shortcut or the innovative Smart Page application interface, Smart Search allows users to scan search results and drill down for additional information on items related to specific search criteria.

“In naming IQMS as a top provider in the logistics industry, Inbound Logistics recognizes the company’s ability to deliver a comprehensive turnkey solution and competitive advantage for companies in tough economic times,” says Randy Flamm, president and founder of IQMS. “Now more than ever, manufacturers must operate lean and agile. By enabling manufacturers’ quicker

and smarter control to search their manufacturing business data, IQMS's Enterprise IQ solution provides businesses unmatched value and fast results.”

IQMS's industry-leading ERP solutions enable customers to get up and running quickly. The industry continuously recognizes IQMS customers. In March, Plastic Components, Inc. an IQMS customer, which provides low cost critical injection molded thermoplastic parts for original equipment manufacturers, won Plastics News' Processor of the Year, in Las Vegas.

About IQMS

Since 1989, IQMS has been a pioneer in the design and development of ERP software for repetitive, process and discrete manufacturing industries. Today, IQMS provides leading real-time manufacturing, accounting, production monitoring, quality control, supply chain, CRM and eBusiness solutions to the automotive, medical, packaging, consumer goods and other manufacturing markets. The innovative, single-source enterprise software solution, EnterpriseIQ offers complete functionality and scalable solutions all in a single database. With offices across North America, Europe and Asia, IQMS serves manufacturers around the world.

About Inbound Logistics

Inbound Logistics is the pioneering publication of demand-driven logistics practices, also known as supply chain management. IL's educational mission is to guide businesses to efficiently manage logistics, reduce and speed inventory, and neutralize transportation cost increases by aligning supply to demand and adjusting enterprise functions to support that paradigm shift.

More information about demand-driven logistics practices is available at www.inboundlogistics.com
