IQMS INTRODUCES NEW CHANNEL PARTNER PROGRAM IN INDIA

*IQMS ERP India Pvt. Limited provides support
to meet global demand for flagship EnterpriseIQ software*

PASO ROBLES, CA –September 14, 2009 – IQMS, an innovator in the design and development of manufacturing Enterprise Resource Planning (ERP) software, today announced the launch of the company’s new channel partner, IQMS ERP India Pvt. Limited in Baroda in the state of Gujarat. The new program offers EnterpriseIQ ERP from IQMS to manufacturers while providing local resources for additional support and education, in addition to supporting the growth of the extended ERP software in the thriving Indian manufacturing market.

The IQMS ERP India Pvt. Limited partnership is another step IQMS is taking to meet growing global demand. In June, IQMS opened a UK office to enhance local sales and support across Europe. Requests for EnterpriseIQ have been especially strong in India, where the manufacturing industry’s demand for a cohesive software package has been growing.

“IQMS is committed to providing the best ERP software to manufacturing markets,” said Randy Flamm, president and CEO at IQMS. “This year, IQMS has been moving forward to help manufacturers grow all around the world. We are excited to enter the Indian market, they can expect the same high quality of service and support we provide all of our customers around the world.”

In recent years, IQMS has seen an upswing in requests for sales and support in India and had actively sought a channel partner to help.

“Having used other ERP systems, I can truly say that IQMS has the most intuitive, comprehensive and user-friendly system available today,” said Amit Sangvi, managing director of IQMS ERP India Pvt. Limited. “There is great interest for ERP systems in the region and IQMS has captured the attention of many manufacturers here. They’re impressed with IQMS’s single-source, industry specific extended ERP system and they’ve heard about IQMS’s great reputation. They want the same kind of commitment the company has demonstrated to its customers around the world.”

The channel partner program reflects IQMS’s investment in its commitment to providing a global ERP solution to all manufacturers. While sales and support will be provided to

manufacturers in India, the company will continue its corporate technical support operations in the United States.

“This is another big strategic move for IQMS,” said Glenn Nowak, vice president at IQMS. “We’re proud that we will be able to provide the same kind of the support we give to all our customers through our channel partner in India. As manufacturing companies grow globally, IQMS will grow along with them.”

About IQMS

Since 1989, IQMS has been designing and developing ERP software for the repetitive, process and discrete manufacturing industries. Today, IQMS provides leading real-time manufacturing, accounting, production monitoring, quality control, supply chain, CRM and eBusiness solutions to the automotive, medical, packaging, consumer goods and other manufacturing markets. The innovative, single-source enterprise software solution, EnterpriseIQ offers complete functionality and scalable solutions all in a single database. With offices across North America, Europe and Asia, IQMS serves manufacturers around the world.
