## FOR IMMEDIATE RELEASE

### NEARLY A DOZEN NEW IQMS CUSTOMERS GO LIVE AT THE START OF 2012

*Ten IQMS Customers at 12 Different Locations Ring in the New Year by Going Live During the First Week of January*

**PASO ROBLES, CALIF. – Jan. 18, 2012 –** [IQMS](#), a leader in the design and development of [manufacturing Enterprise Resource Planning \(ERP\) software](#), today announced that 10 new customers, across 12 different plants, discarded their legacy ERP systems and successfully went live with EnterpriselQ during the first week of January. An impressive way to kick off 2012, IQMS plans to continue the momentum throughout the year.

IQMS' newly minted customers encompass a wide range of industries, including food packaging, medical, aerospace, defense, building and construction, as well as transportation, traffic safety and automotive. Creating with plastics, metal, wood, fiberglass and foam, IQMS' clients are innovative custom manufacturers that specialize in areas such as thermoforming, linear and rotary motion devices, fabrication, structural foam molding and custom assemblies.

"Our in-house implementation team demonstrated its experience and depth with this latest batch of go lives," said Lee Filbert, IQMS [Professional Services Group](#) (PSG) manager. "Customers large and small, across a variety of industries, successfully made the recent switch to IQMS and are now realizing the benefits only a comprehensive manufacturing ERP system can offer."

As an added bonus, a majority of the new clients benefitted from IQMS' proven in-house PSG program and implemented under budget. Today, IQMS' 10 new clients are quickly realizing improved operational efficiencies and greater enterprise-wide control of information for a rapid return on investment.
